

GREENWING®

2024 COLUMBIA VALLEY CABERNET SAUVIGNON

East of Washington's majestic Cascade Mountains, the Columbia Valley is producing some of North America's most exciting wines. The region is endlessly sunny and dry yet surrounded by abundant rivers. Greenwing Cabernet Sauvignon captures the essence of this wild place with soaring flavors of black plum and Bing cherry.

VINTAGE NOTES

The 2024 growing season in Columbia Valley was marked by resilience and favorable growing conditions. While a significant cold event in January initially raised concerns, healthy bud recovery in the spring helped set the stage for a strong season. Warm, steady summer weather supported even ripening and concentrated flavor development, followed by an ideal harvest period with dry, temperate conditions through September and October. Though yields were slightly lower than average, fruit quality was exceptional, resulting in balanced red wines with depth, structure and approachability.

WINEMAKING NOTES

Bold and expressive, this Columbia Valley Cabernet Sauvignon opens with aromas of black cherry, ripe plum, bittersweet cocoa, toasted oak and graphite. The palate unfolds with rich blackberry and raspberry compote flavors accented by hints of baking spice and fig. Soft, integrated tannins create a plush mouthfeel, while a lingering finish leaves a smooth, polished impression.
